INVITATION FOR BID IFB-PAG-006-24
Solid Waste and Removal and Disposal for PAG
Questions and Responses

Question submitted by Lagu Guam via e-mail on February 12, 2024

Question #1: The general terms and conditions page states that this is an “all or none” bid; does this mean that a bid will not be considered if it does not include bid amounts for the 10 cubic yard and 30 cubic yard bins?

PAG’s Response: ***YES, if a bidder does not submit for all items then no award is given.***

Question #2: Will the lowest cost bidder be determined by the total amount of the unit prices or the projected extended amount based on the number of bins per specification?

PAG’s Response: ***Lowest unit price provides for lowest grand total.***

Question #3: May we know how many bins will be awarded per specification (e.g. how many 6 cubic yard bins with service once a week, how many 10 cubic yard cardboard bins, etc.)?

PAG’s Response: ***The current needs are:
6 cu. Yd – 10,
10 cu. Yd – 1 (cardboard),
30 cu. Yd – 1 (Green Waste)***

Question #4: What recourse will the vendor have in cases where there is banned material or excess (in which waste exceeds the confines of the bin with the lids closed)?

PAG’s Response: ***There have been occasions historically where banned material is buried and unseen in a bin. We’ve worked to improve processes to mitigate/eliminate this occurrence. If this situation were to occur in the new bid award, possibly a point-of-contact on both ends will be established to facilitate corrective action so as not to impact bidder’s time and resources. In regard to excess, bins are***

routinely checked (prior to vendor's service) to ensure bins' lids are able to close fully. No such occurrence was reported by the current awarded bidder to my knowledge.

Question #5: Will the roll-off bins be serviced on a weekly basis as stated in the IFB or on an on-call basis? If they will be on-call and service for a roll-off bin is requested less often than the once-a-week frequency, can the vendor charge a rental fee for the non-serviced weeks separately from the tipping fee?

PAG's Response: *The vendor inquiring is currently our service provider. The service is on a weekly basis, but they treat it as an on-call. This may have started due to their intermittent truck issues. We were able to work with this, as it equated to savings - no service, no payment.*

Question #6: The IFB copy we downloaded from the Port website is a scanned version and appears faded or slanted in some places; for formatting purposes, could we please request the original (not scanned) PDF soft copy of the forms that we need to fill out and submit?

PAG's Response: *YES, the new copy has been uploaded on the website.*

Rory J. Respicio
General Manager
