### Port Launches Marina Users Group

*Group will meet to discuss issues facing Marina users*

**Piti, Guam, May 3, 2010:** The Port Authority of Guam has formed a Marina Users Group that will address all concerns that Marina users may have and will create an open line of communication between the users and port officials.

The first meeting will be held this Wednesday, May 5, 2010, at 2 p.m. at the Port Authority Board Conference Room. Topics of discussion will include: ongoing and impending marina improvement projects; alternative marina management regimes; and public comments.

"This is in line with our enduring commitment to better serve our valued marina tenants as well as the Island's recreational, sustenance and commercial boating communities," said Port General Manager Rick Agustin.

The Marina Users Group is similar to the Port Users Group which meets on a regular basis to discuss concerns and address issues facing those who utilize the main port facility. The Marina Users Group will be meeting on a periodic basis.

All those interested are invited to attend. For more information, please contact the Commercial Division at 477-5931 extension 349 or 481.
