Lourdes A. Leon Guerrero
Governor of Guam
Joshua F. Tenorio
Lieutenant Governor

August 24, 2020

Port E-Advisory No. 16

In close coordination with the Department of Public Health and Social Services (DPHSS), and having conducted an aggressive contact tracing effort, has led to the identification of two more employees positive with COVID-19. This brings the Port's total to three employees affected by COVID-19. Our three employees remain in home isolation. Their work areas have been deep cleaned. Contact tracing and testing for the first two COVID-19 positives are done, which resulted in identifying the third COVID-19 positive through testing. Our Team immediately conducted contact tracing for the third COVID-19 positive, identifying additional Port employees who may have been potentially exposed to COVID-19 and their testing was conducted by DPHSS this morning.

We have been working closely with DPHSS Acting Director Arthur U. San Agustin and Chief Public Health Officer Dr. Suzanne Kaneshiro to coordinate testing of all employees, identified by immediate contact tracing efforts. To date, 126 Port employees have been tested by the DPHSS.

The Port Authority of Guam remains completely operational, despite the daily challenges imposed by the coronavirus pandemic because we have been following Governor Lou Leon Guerrero's directives and the Center for Disease Control Guidelines for Critical Infrastructure Worker.

Our prayers remain with our three coworkers for their full and speedy recovery.

Si Yu'os Ma'ase.

Rory J. Respicio, General Manger
