## Port E-Advisory No. 19

Please be advised that late yesterday afternoon we were notified that an employee tested positive for COVID-19. Our Port Contact Tracing Team immediately began working on this latest case and as a result of their work they have identified 77 Port employees who were in immediate close contact with the latest positive case. Our Contact Tracing Team has already notified the potentially affected employees of the situation and they will all be tested tomorrow by the Department of Public Health and Social Services.

In total, the Port Contact Tracing Team has been able to identify 283 cases of close contact exposure with the five port employees who are positive with COVID-19 and has coordinated testing for all exposures.

Our prayers remain with our five coworkers for their full and speedy recovery.

*Si Yu'os Ma'ase.*
